STROKE & AI 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

Dear Colleagues,
Greetings!

On behalf of the Organising Committee, it gives us great pleasure to invite you to **Stroke & AI 2026**, a unique academic conference focused on the transformative role of artificial intelligence in stroke diagnosis, management, and treatment.

This conference will bring together leading experts in neurology, neurointervention, neurosurgery, data science, and AI to exchange knowledge, foster collaborations, and explore the future of stroke care in the era of digital medicine.

We look forward to your active participation, engaging discussions, and valuable contributions that will make this event a meaningful and successful experience.

Date: 11th, 12th, 13th December, 2026
Venue: Indian Habitat Centre, New Delhi

Your presence will greatly enrich the deliberations and help shape the future of comprehensive stroke management through technology and innovation.

Warm regards,
Organising Committee
Stroke & AI 2026

MV Padma
Chairperson

Dheeraj Khurana
Chairperson

Biplab Das

STROKE NEUROVASCULAR

We Care Stroke

STROKE & AI 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

INTERNATIONAL FACULTY

Christine Tunkl
Neurologist
University Hospital Heidelberg,
Baden-Württemberg, Germany

Dileep R. Yavagal
Prof. Clinical Neurology & Neurosurgery
Division Chief, University of Miami, USA

Guglielmo Pero
Neuroradiologist and Neurointerventionist
Milan, Lombardy, Italy

Marc Ribo
Interventional Neurologist
Vall d'Hebron University Hospital,
Barcelona, Spain

Mark Parsons
Professor of Medicine and Neurology
UNSW South Western Sydney Clinical School

Mayank Goyal
Clinical Professor
Department of Clinical Neurosciences,
University of Calgary, Canada

STROKE NEUROVASCULAR

We Care Stroke

STROKE & AI 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

INTERNATIONAL FACULTY

Roland Bammer
HoD Radiology & Deputy Director
Monash Health, Melbourne, Australia

Shashvat Desai
HonorHealth
Phoenix, Arizona, United States

Tufail Patankar
Clinical Director & Consultant Diagnostic Interventional Neuroradiologist at Barking, Havering and Redbridge University Hospitals, UK

Vitor Mendes Pereira
Director of Endovascular Research and Innovation. St Michaels Hospital
Toronto, Ontario, Canada

W.H. van Zwam
Neurointerventional Radiologist
Maastricht University Medical Center
Netherlands

STROKE NEUROVASCULAR

We Care Stroke

STROKE & AI 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

Session Highlights

ISCHEMIC STROKE EXTENDED WINDOW CARE

LARGE CORE THROMBECTOMY IN AIS: CURRENT EVIDENCES

STROKE CARE IN ER

RE-HOSPITAL STROKE CARE

THROMBOLYSIS: CURRENT TRENDS & FUTURE

STROKE IMAGING: BEYOND CT & MRI

SPECIAL STROKE SITUATIONS

STROKE NEUROVASCULAR

We Care Stroke

STROKE & Ai 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

Session Highlights

Ai Vs HUMAN IN ACUTE STROKE CARE

Ai IN COMPREHENSIVE STROKE CARE

THROMBECTOMY: THE NEW FRONTIER

POST REPERFUSION INTENSIVE CARE IN STROKE

STROKE CODE LIVE- COMPREHENSIVE STROKE PATHWAY

GRAND ROUND: STROKE CARE

LIVE & RECORDED: CASE DISCUSSION

STROKE NEUROVASCULAR

We Care Stroke

STROKE & AI 2026

11th - 13th Dec 2026 | India Habitat Centre New Delhi | SNVR 2026 An Initiative of We Care Stroke

Session Highlights

ONE CASE — THREE EXPERTS
(Neurologist, Neurosurgeon, Neuroradiologist)

FUTURE OF STROKE — 2030

CONTROVERSY COURT: DECISION MAKING STROKE CARE

INTRASACCULAR DEVICE IN BRAIN ANEURYSM TREATMENT- EMREGING EVIDENCES

THE ART OF FLOW DIVERSION: SELECTION, PROTECTION & BAIL OUT

STROKE NEUROVASCULAR
